

WE'RE THE COMPANY THAT BRINGS YOU KATIE...

AND KATIE BRINGS YOU THE PRISM MEDICAL P-300

The P-300 Portable Ceiling lift has been designed and tested to the most rigorous industry standards. This lightweight economical product compromises nothing with respect to its performance. With its 300 lb. capacity and light weight design (6.7 lb.) this product will meet the needs of even the most demanding environments. As the lightest portable ceiling lift on the market, this device can be easily relocated to multiple rooms with little effort from the caregiver. This unit is designed to be used with Prism Medical's complete range of slings ensuring that regardless of the client's needs or environment, this product will address the lifting and handling issues encountered by today's caregiver.
